PUBLIC COMMENT ON FEDERAL REGISTER

this collection on rising prices to live in america is already pure hokum. i dont see any value in collecting fakery.this is just finding more reasons to collect fraudulent information. the final result is politically rigged for political purposes. the us population who shops has a better idea of what things are rising in price than this fat cat bureaucratic fake report. this appears to be put out to fool the us public. the report is fake. its rigged. there is no reason to keep accumulating this fake report. this comment is for the public record. please acknowledge receipt
