Subject: Proposed Changes to ATF F 1 (5320.1)
Date: Thursday, August 08, 2013 1:19:42 PM

I would like a copy of the proposed form if that is possible so that I could properly comment on the changes.

But I definitely agree with the ability to pay for the transfer tax via credit card or debit card.

I know that when completing the current form for making an SBR, it can be confusing where to put the information about the marking requirements (ie Name and Town).

It would be nice if the form could be completed and submitted electronically- whether by email or web submission. I know that some things may be difficult (eg required signatures of submitter and CLEO) but I believe those could be overcome.

Thank you.

-Matt
