public comment on dol osha osha 2010 0021

i do not believe in turning tax dollars over to non profits, who are looking to enrich themselves and their execs with govt money. its a lost cause and is full of pollution and waste. do the work yourselves and stop farming it out. corruption creeps in on these handovers. what is lost is accountability. too much of govt these days is non accountable. we need to stop that. this comment is for the public recod. please acknowledge receipt.
