I do not support any program that sends either tax dollars or food out of this country to any foreign land. it is clear that American people need any spare food for their own use. the days of giveaway programs to others needs to stop. America is clearly on a downward path with huge financial obligations and 1 out of 6 people in poverty. we need our resources for ourselves. this program should be entirely shut down now. this comment is for the public record. its budget should be zero. its employees should be let go. please receipt. jean public
