**Comment**

I (Dan Collins) would like to volunteer as an interested party on the Paperless Hazard Communications Pilot Program.I represent a technology company that specializes in the waste industry. I have spent over 25 years in the environmental industry. I have held numerous positions from driving a waste services truck to operating a TSDF. In addition to the mentioned experience, as a business owner, I can bring value from many perspectives.

My interest is to volunteer in any capacity needed.
