Agency Name: Pipeline and Hazardous Materials Safety Administration  
Docket Number: PHMSA-2013-0124-0001

Comment: I am Willing to Participate as a Volunteer. I have fifteen (15) years as a private industry hazardous materials emergency responder serving shippers (largely chemical & petrochemical), carriers (largely over-the-road and rail), and regulatory agencies (largely EPA, DOT, DEA), as well as have spent some time on the ASTM E-50 Environmental Committee working on an industry standard related to hazardous materials. Currently, I am a business owner developing an e-system for shippers, carriers, emergency responders, and regulatory agencies to manage waste hazardous materials. I would be willing to support emergency response simulation development, implementation, evaluation during simulation, and/or post-simulation analysis, or other activities that may be beneficial for the purposes of this program.
