ABOUT OUR SURVEY

Social Security expects an increasing number of people to retire in the coming years. Many of these people may want to do business with us differently from the people we now serve. To prepare for the future, Social Security needs your help! This survey asks about planning to file for retirement benefits, your expectations for good service, how you want to be able to contact Social Security, and what kinds of services you think we should have available.

- If you have trouble filling out this questionnaire, you may have someone help you. The answers you give, however, should be based only on your own feelings and opinions about your future interactions with Social Security and about good customer service. The survey should take about 20 minutes to finish.
- Answer all questions as directed. You may be told to skip over some questions. When that happens, you will see an arrow with a note telling you what question to answer next:

Example: ☐ Yes

Dear Future Social Security Customer:

Social Security expects a growing retirement population in the coming years, one that may want to do business with us differently from the people we now serve. That's why we are asking you to participate in a survey to tell us about your preferences and expectations for good service.

In a few days, you will receive a questionnaire in the mail from [*Contractor*], who is conducting the survey for Social Security. As you will see, the questionnaire covers a wide variety of topics, such as planning to file for retirement benefits, how you want to be able to contact us, and what kinds of services you think we should have available.

Please watch your mail for the envelope from [*Contractor*]. We hope that you will take the time to answer our questions and help us serve you well in the future. We look forward to hearing your opinions.

Deputy Commissioner for Budget, Finance, Quality, and Management
Social Security Administration

Initial Cover Letter

Dear Future Social Security Customer:

As I noted in my recent postcard, Social Security is conducting a survey to help prepare for the expected increase in the retirement population in the coming years. You are one of only a small number of people across the country age 50 to 64 who were chosen to receive the enclosed questionnaire. While you are not required to respond, your opinions are very valuable. Your answers will help us make important decisions about how Social Security can best serve you.

Please be assured that *[Contractor]*, who is conducting this survey for us, will only give your responses to my staff here at Social Security and will not use them for any other purpose. Social Security will report the survey results by summarizing the answers of everyone who takes the survey; we will not report any individual responses. The barcode on this survey is only used to let us know whether you have returned your survey, so we don't send you reminder letters.

Please return your completed survey as soon as possible in the postage-paid envelope provided.

If you have a question about Social Security benefits, please visit our web site at www.socialsecurity.gov or call our toll-free information line at 1-800-772-1213.

We appreciate your taking time out of your busy schedule to answer our survey.

Sincerely,
