to Chris

Dear Mr. Odonnell,

Thank you for your interest in our public information collection. Please submit your comments directly to USAID, following the instructions in the notice.

Thank you

Dear Ms. Bond,

I am interested in submitting a comment regarding the notice of public information collections dated Feb 14, 2014.

The instructions at the Federal Registry page require comments to be submitted at the green block (upper right hand corner) titled, "Submit a Formal Comment."

I contacted the Federal Registry, and the Federal Registry requires all comments to be submit formally on the site in order preserve, archive and respond to any congressional reporting.

Can you amend the notice accordingly to avoid confusion? The notice mentions to send comments to your office not to the Federal Registry.

Thank you
Diane Wright
