CDFI Staff,

Thank you for giving us the opportunity to provide our comments on the "Annual CDFI Reporting Form". Below are our comments:

Page 4: 21. Loan/Investments Originated – Lender Guarantees is not a selection as well as Environmental Infrastructure Loans

Part III. – Is this a cumulative number or a fiscal year ending number?

Page 6: Additional Community Development Services - No room for other types of Technical Assistance (example: Environmental Technical Assistance)

Population Served: Is it acceptable to provide estimates if lender does not track by individual?

It appears a lot of this information is similar to the CIIS Intuitional level report, how do we avoid entering this data twice?

Thank you.
