Subject: Fw:public comment on federal register this nis spending few dept should be shut down entirely- who authorized th

i oppose out of control generaic approval to do endless expensive surveys by this out of control overspending agency. the corrupt usda overspends in teh trillions of dollars, and every cent of that spending comes from general taxpayers, not from the industry itself. since this agency only rules for the industry itself, it is cler that there is alot of taxation without representation going on at this corrupt agency. cut the budget to zero for thisnobody needs or wants all these surveys. we have a census agency to do surveys. taxpayers hsould not be paying to se up 25 different survey agencies all over the us govt. we need to stop the runaway budgets of the corrupt us federal govt, they are now asing for another deficit increase. this govt just spends and spends. this damn agency never heard of operating more efficiently. it needs to. this commetn is for the public record. please receipt. jean publee jeanpublic1@gmail.com

 > Notice of Intent To Request New Information Collection
 >
 > AGENCY: Economic Research Service, USDA.
 >
 > ACTION: Notice and request for comments.
 >
 > -----
 > -
 >
 > SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the
 > Economic Research Service (ERS) invites the general public and other
 > Federal agencies to take this opportunity to comment on a proposed new
 > information collection, the Generic Clearance for Survey Research
 > Studies.
 >
 > DATES: Comments on this notice must be received by November 16, 2015
 > to be assured of consideration.
 >
 > ADDRESSES: Address all comments concerning this notice to Pheny
 > Weidman, ERS Clearance Officer, Economic Research Service, Room
 > 4-163B,
 > 1400 Independence Ave. SW., Mail Stop 1800, Washington, DC 20050-1800.
 > Submit electronic comments to pweidman@ers.usda.gov.
 >
 > FOR FURTHER INFORMATION CONTACT: Pheny Weidman at the address in the
 > preamble. Tel. 202-694-5013.
 >
 > SUPPLEMENTARY INFORMATION:
 > Title: Generic Clearance for Survey Research Studies.
 > OMB Number: 0536-NEW.
 > Expiration Date of Approval: Three years from the date of
 > approval.
 > Type of Request: New collection.
 > Abstract: In accordance with the Paperwork Reduction Act of 1995
 > (Pub. L. 104-13) and OMB regulations at 5 CFR part 1320 (60 FR 44978,
 > August 29, 1995), this notice announces the ERS'
 > intention to request
 > approval from the Office of Management and Budget (OMB) for a generic
 > clearance that will allow ERS to rigorously develop, test, and
 > evaluate its survey methodologies, instruments, and administration.
 > The mission
 > of ERS is to provide economic and other social science information and
 > analysis for public and private decisions on agriculture, food,
 > natural resources, and rural America. This request is part of an
 > on-going initiative to improve ERS data product quality, as

- > recommended by both its own guidelines and those of OMB.
- > The purpose of this generic clearance is to allow ERS to evaluate,
- > adopt, and use state-of-the-art and multi-disciplinary research to
- > improve and enhance the quality of its current data collections. This
- > clearance will also be used to aid in the development of new surveys.
- > It will help to ensure that requested data can be provided in the
- > desired format, reporting burden (time and financial
- > resources) is
- > minimized, collection instruments are clearly understood, and the
- > impact of collection requirements on respondents can be properly
- > assessed.
- > ERS envisions using a variety of survey improvement techniques, as
- > appropriate to the individual project under investigation.
- > These
- > include focus groups, cognitive and usability laboratory and field
- > techniques, exploratory interviews, behavior coding, and respondent
- > debriefing.
- > Following standard OMB requirements, ERS will inform OMB
- >
- > individually in writing of the purpose, scope, time frame, and number
- > of burden hours used for each survey improvement or development
- > project it undertakes under this generic clearance. ERS will also
- > provide OMB with a copy of the data collection instrument (if
- > applicable), and all other materials describing the project.
- >
- > Authority: These data will be collected under the authority of 7
- > U.S.C. 2204(a).
- >
- > ERS intends to protect respondent information under the Privacy
- > Act of 1974, Section 1770 of the Food Security Act of 1985, and
- > 7 U.S.C.
- > 2276. ERS has decided not to invoke the Confidential Information
- > Protection and Statistical Efficiency Act of 2002 (CIPSEA).
- > The
- > complexity and cost necessary to invoke CIPSEA is not justified given
- > the nature of the collection; the collections would generally be
- > conducted by ERS' contractors and designed to be hosted in non-
- > government owned computer systems, where CIPSEA compliance could not
- > be assured.
- > Specific details regarding information handling will be specified
- > in individual submissions under this generic clearance.
- > Estimate of Burden: Public reporting burden for these collections
- > of information is estimated to average from 1 to 2 hours per
- >
- > respondent, depending upon the information collection and the
- > technique used to test for that particular collection.
- > Respondents: Individuals or households, farms, and businesses or
- > other for-profits.
- > Estimated Total Number of Respondents: 3,500.
- > Estimated Total Annual Burden on Respondents: 5,600 hours. Public
- > reporting burden for these collections of information is estimated to
- > average from 1 to 2 hours per respondent, dependent upon the survey

> and the technique used to test for that particular survey.

> Copies of this information collection can be obtained from Pheny Weidman at the address in the preamble.

> Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

> Comments should be sent to the address in the preamble. All responses to this notice will be summarized and included in the request for OMB approval.

> All comments will also become a matter of public record.

>
