General Comment

1. Should the changes indicated in this version of the Part C Reporting Package be applied to the Part C Reporting Sections that are due in February 2016 for 2015 dates of service?
2. Regarding SNP Care Management Reporting Section - 13.5 metric states " Initial HRAs not performed on new enrollees within 90 days before or after the effective date of refusal due to SNP unable to reach new enrollees". Shouldn't this wording state "effective date of enrollment vs. effective date of refusal"?
3. If we are suspending the dunning process for 01/01/2016 forward we should not have any disenrollments for non-payment of premium in plan year 2016. However we will have some good cause reviews for the members who are terminated for non-payment of premium effective 12/31/2015. Would these need to be included in the August 2016 reporting period?
