To:FN-OMB-OIRA-Submission <OIRA_Submission@omb.eop.gov>;

Good morning,

I am a student (Economics major) who has benefited immensely from using the ACS Survey for my research courses.

Marital status is a very important Human Capital factor and I always use this response as part of my regressions.

I ask that you keep marital status as a response in your database.

Thank you and have a good day.

Emaido Edem.
