General Comment

CMS-R-262 (OMB 0938-0763), Section D, CY 2017 PBP Data Entry System Screens, Plan Premium/Rebate Reduction, Pg 19

Typically we store premium estimates only in the BPT. Is this new screen, supposed to mirror the BPT entry? Will we have to go back in after the benchmarks are released to update this field? For zero premium plans do you enter zero? Since this is for the PBP only (Medicare A/B) where does the Part D portion get entered to make it whole?
