Privacy Act Statement Collection and Use of Personal Information

Sections 204(a) and (b), 1631(b)(1)(B), and 1631(e)(1)(B) of the Social Security Act, as amended, allow us to collect this information. We may use the information you provide to determine the eligibility of the applicant or recipient named above for Supplemental Security Income benefits. Or, we may use the information to assist us in determining whether to waive a Social Security overpayment because adjustment or recovery would defeat the purpose of the Social Security Act.

Furnishing us this information is voluntary. However, failing to provide us with all or part of the information may prevent us from making an accurate and timely decision on eligibility, or could result in the loss of benefits. Or, failing to provide the information may prevent us from waiving an overpayment.

We rarely use the information you supply for any purpose other than what we state above, however, we may use the information for the administration of our programs including sharing information:

- 1. To comply with Federal laws requiring the release of information from our records (e.g., to the Government Accountability Office and Department of Veterans Affairs);
- 2. To facilitate statistical research, audit, or investigative activities necessary to ensure the integrity and improvement of our programs (e.g., to the Bureau of the Census and to private entities under contract with us); and,

A complete list of when we may share your information with others, called routine uses, are available in our Privacy Act System of Records Notices 60-0094, entitled Recovery of Overpayments, Accounting and Reporting/ Debt Management System, and 60-0103, entitled Supplemental Security Income Records and Special Veterans Benefits. Additional information about this and other system of records notices and our programs are available from our Internet website at www.socialsecurity.gov or at your local Social Security office.

We may share the information you provide to other health agencies through computer matching programs. Matching programs compare our records with records kept by other Federal, State, or local government agencies. We use the information from these programs to establish or verify a person's eligibility for federally funded or administered benefit programs and for repayment of incorrect payments or delinquent debts under these programs.
