## General Comment

Please take into consideration that many of us are small family farms. As farmers, we spend a large amount of time taking care of our crops. This is our forte, our gift that we give on to the community that eats of our hard physical label. Paperwork is does not come easily or naturally for most of us. It needs to be simple or we will be unable to do what needs to be done to the loss of the consumer. I speak not only for our farm, but more importantly for the many local Amish and Mennonite farmers.
