Hello, Alicia

I don't know why the form says 5 years. I would prefer it to say 10 years.

And I also don't know why these forms expire. Whatever office is in charge of issuing forms makes that decision.

My office receives periodic inquiries to re-certify the form. The most recent inquiry was from Nicole Bynum (copied). Perhaps she can answer your question.

Here is Nicole's contact info:

In regard to the above link, in the National Artist Registry Instructions, #2 states that artist is to submit 20 images of work within the last 10 years. In the Form GSA7437 instructions states the artist is to submit 20 images of work within the last 5 years.

The second item is on the GSA 7437 form, in the upper right there is an expiration date of 3/31/2016. Why would this form expire?

Thank you,
