Subject: PAPPG For Comment- UL Lafayette

Good morning,

Our office has reviewed the proposed changes to the PAPPG and all seem to add clarity and better organization to the document. We do have a comment regarding:

Section II-61: Definition of senior personnel

- Faculty Associate (faculty member) (or equivalent): Defined as an individual other than the Principal Investigator considered by the performing institution to be a member of its faculty (or equivalent) or who holds an appointment as a faculty member at another institution and who will participate in the project being supported.

- We recommend adding 'or equivalent' to the definition (see red text above) for clarity, since certain Center staff across our campus are not faculty members but are eligible to submit proposals.

Like I said previously, I think the changes that are proposed will definitely help to improve the organization and clarity of the PAPPG as a whole. Thanks!
