RE: Information Collection Request (ICR) to Office of Management and Budget (OMB):
Waterfront Facilities Handling Liquefied Natural Gas (LNG) and Liquefied Hazardous
Gas (LHG)
OMB Control Number: 1625-0049
Docket No. USCG-2016-0258

ATTN: Paperwork Reduction Act Manager

Cheniere Energy Inc. hereby submits the enclosed comments on the ICR for the Waterfront
Facility General Requirements handling LNG and LHG published under Docket No. USCG-
2016-0258.

If you have any questions regarding the comments, please contact me at (713) 375-5399.

Sincerely,

A handwritten signature in blue ink that reads "Cathy Rourke". The signature is fluid and cursive, with the first name "Cathy" and last name "Rourke" clearly distinguishable.

Cathy Rourke
VP, Health, Safety and Environmental
Enclosure

**33 CFR 127: U.S. Coast Guard: Waterfront Facilities Handling Liquefied Natural Gas (LNG)
and Liquefied Hazardous Gas (LHG)**

Information Collection Requirements:

	Regulation Section	2nd Regulation Section	Reference	Comments
A.	<u>127.007</u>		Letter of Intent	The estimated hours and cost to a complete letter of intent is reasonable.
B.	<u>127.015</u>		Appeals	The estimated hours and cost to complete appeals are reasonable.
C.	<u>127.017</u>		Alternatives	The estimated hours and cost to complete letters of alternative compliance are reasonable.
D.	<u>127.019</u>	<u>127.305</u>	Operations Manual Development	Modify the estimate for development, review and submittal to 150 hours. Recommend the Operations Manual should be submitted through the USCG Homeport account to reduce the administrative burden.
	<u>127.019</u>	<u>127.305</u>	Operations Manual Amendment	Modify the annual estimate for amendments to 50 hours. Recommend the Operations Manual amendments be submitted through the USCG Homeport account to reduce the administrative burden.
E.	<u>127.019</u>	<u>127.307</u>	Emergency Manual Development	Modify the estimate for development, review and submittal to 150 hours. Recommend the Emergency Manual be submitted through the USCG Homeport account to reduce the administrative burden.

**33 CFR 127: U.S. Coast Guard: Waterfront Facilities Handling Liquefied Natural Gas (LNG)
and Liquefied Hazardous Gas (LHG)**

Information Collection Requirements:

	Regulation Section	2nd Regulation Section	Reference	Comments
	<u>127.019</u>	<u>127.307</u>	Emergency Manual Amendment	Modify the annual estimate for amendments to 50 hours. Recommend the Emergency Manual amendments be submitted through the USCG Homeport account to reduce the administrative burden.
F.	<u>127.301</u>		Certification of Person in Charge	Modify the estimate hours for drafting, filing and sending the Person in Charge qualifications and certifications to 2 hrs. Recommend the Certification of Person in Charge be submitted through the use of USCG homeport account to reduce the administrative burden.
G.	<u>127.317</u>		Declaration of Inspection	Modify the DOI execution, filing and retention averages to 2 hours.
H.	<u>127.409</u>		Maintenance / Test Records	The estimated hours and cost to review maintenance and test records are reasonable.
I.	<u>127.007</u>		Waterway Suitability Assessment (WSA)	The estimated hours and cost to compete a WSA are reasonable.
