I would like to see not only I-485 updated but also I-797 notice be updated too because there is a necessity out there. I see it is very important that an applicant can easily get a duplicate of the I-485 notice of actions - which is I-797. It would be good to see an applicant can easily request duplicates if he/she lost/damage originals by using the online tools of the I-485.

Thank you
