In regards to:

Agency Information Collection Activities: Application To Register Permanent Residence or Adjust Status, Form I-485, and Adjustment of Status Under Section 245(i), Supplement A to Form I-485; Revision of a Currently Approved Collection

I Strongly urge you to Please bring back the adjustment of status under section 245i. I got married in june 2001 I wasn't able to claim my husband using the 245i because of lack of knowledge. That form expired in September of that same year. We have four children together, and all this years we been struggling financially due to his status and unstable jobs. Not to mention the fear of our family getting divided affecting our kids emotionally and financially. I know there is a lot of people in the same shoes as I am. My daughter will be turning 15 this year in December. She was so disappointed by the uscis because she had submitted a letter in regards to my husbands waiver which was denied. We want to do things right, we want you to give us a chance by bringing this back. Bring family unity, bring peace to the family, take fear away, take financial burden away by fixing this.  
Thank You!
