Subject: RE: comment submission for CMS-10146 and CMS-10261
Date: Wednesday, October 12, 2016 3:24:17 PM

On behalf of WellCare Health Plans, Inc., I would like to submit the following comments to the Centers for Medicare and Medicaid Services (CMS) regarding collection requests CMS-10146 and CMS-10261.

- The proposed 2017 Part C Reporting Requirements reference reporting due in February, 2017. Section 5 (Grievances), page 7; and section 6 (Organization Determinations/Reconsiderations), pg. 12, both state "2/27/2017 reporting will include each quarter." WellCare asks CMS to clarify whether or not the date for these sections should be 2/27/2018.
- Section 14 (Enrollment and Disenrollment), pg. 29, states that the due dates for data to be submitted to CMS are August 29, 2016 and February 27, 2017. WellCare seeks clarification on whether or not these dates should reflect August 29, 2017 and February 27, 2018.
- In review of the proposed 2017 Part D Reporting Requirements, the section for Sponsor Oversight of Agents was removed; however, it remains in the Part C Reporting Requirements. WellCare asks CMS to provide guidance on that data required for this reporting requirement. Specifically, we ask CMS if plans should interpret this as only CCP data being required for this section and PDP data not being required for this section.

Thank you for considering our comments for these information collection requests.

Best,

Camille G. Heard
