Dear Ms. Teel,

According to the above-referenced [Federal Register notice](#), NASA is requesting OMB approval for reinstatement with change of the *Property Inventory Report*. However, the notice does not provide any further information regarding the change. Additionally, the OMB Control Number History ([2700-0047](#)) does not provide any further details. Can you provide us with clarification regarding the revision?

We greatly appreciate any further information you can provide.

Regards,

Jeff Warner
