## General Comment

G6 Hospitality has under 10,000 and is considered on several surveys as a medium size org. For us to compete with an IBM for example would be incredibly difficult. maybe instead of quantifying the org by size you could quantify the org by Revenue. Small would be 0-\$500 k, medium would be \$500 k to \$1 Billion, large would be \$1 Billion and more. Also a Hospitality organization is comprised mainly of hourly employees, and the retention rate of an hourly employee is always much higher than salary based employees. With all that being said G6 Hospitality which is ranked #7 in the nation for Military Friendly per Victory media Yet based on the following numbers:

Initiative: Operation Next Step  
HR Rep: full time Military Program Manager  
% of hires: 3.9%  
Retention Rate: 77%

We will not qualify for the federal Medallion?
