RE: Docket No. 2013-0081

To Whom It May Concern:

My letter is in support of the Department's proposed rule change to 7 CFR Part 305.6 which will incorporate phytosanitary criteria for cold treatment facilities in US regions not currently approved. I am requesting the Department to favorably approve this proposed rule change which will establish more US ports of entry and cold treatment facilities for the importation of fruits and vegetables.

Thank you for your positive work to date for this proposed rule.

My hope is for adoption in its entirety as soon as the law allows.

Sincerely,

Franklin Williams
