

Caution: *DRAFT—NOT FOR FILING*

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information as a courtesy. **Do not file draft forms.** Also, do **not** rely on draft forms, instructions, and publications for filing. We generally do not release drafts of forms until we believe we have incorporated all changes. However, unexpected issues sometimes arise, or legislation is passed, necessitating a change to a draft form. In addition, forms generally are subject to OMB approval before they can be officially released. Drafts of instructions and publications usually have at least some changes before being officially released.

Early release drafts are at [IRS.gov/DraftForms](https://www.irs.gov/DraftForms), and may remain there even after the final release is posted at [IRS.gov/DownloadForms](https://www.irs.gov/DownloadForms). All information about all forms, instructions, and pubs is at [IRS.gov/Forms](https://www.irs.gov/Forms).

Almost every form and publication also has its own page on IRS.gov. For example, the Form 1040 page is at [IRS.gov/Form1040](https://www.irs.gov/Form1040); the Publication 17 page is at [IRS.gov/Pub17](https://www.irs.gov/Pub17); the Form W-4 page is at [IRS.gov/W4](https://www.irs.gov/W4); and the Schedule A (Form 1040) page is at [IRS.gov/ScheduleA](https://www.irs.gov/ScheduleA). If typing in a link above instead of clicking on it, be sure to type the link into the address bar of your browser, not in a Search box. Note that these are friendly shortcut links that will automatically go to the actual link for the page.

If you wish, you can submit comments about draft or final forms, instructions, or publications at [IRS.gov/FormsComments](https://www.irs.gov/FormsComments). We cannot respond to all comments due to the high volume we receive. Please note that we may not be able to consider many suggestions until the subsequent revision of the product.

Instructions for Form 6478

Biofuel Producer Credit

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 6478 and its instructions, such as legislation enacted after they were published, go to IRS.gov/Form6478.

What's New

At the time these instructions went to print, the biofuel producer credit formerly claimed on lines 1 and 2 had expired. You can't claim the credit on line 1 and 2 for fuel sold or used after 2017. Lines 1 and 2 are now shown as "Reserved for future use" in case Congress extends the credit for 2018. To find out if legislation extended the credit so you can claim it on your 2018 return, go to IRS.gov/Extenders.

General Instructions

Purpose of Form

Partnerships, S corporations, cooperatives, estates, and trusts must file this form to claim the credit. All other taxpayers aren't required to complete or file this form if their only source for this credit is a partnership, S corporation, cooperative, estate, or trust. Instead, they can report this credit directly on line 4c in Part III of Form 3800, General Business Credit.

Recapture of Credit

You must pay a tax (recapture) on each gallon of second generation biofuel at the rate you used to figure the credit if you don't use the fuel for the purposes described under section 40(b)(6)(C). Report the tax on Form 720, Quarterly Federal Excise Tax Return.

Specific Instructions

Line 1 and Line 2

These lines are reserved in case Congress extends the credit to apply to fuel sold or used after December 31, 2017. When using these lines to figure the amount on this or other tax forms or worksheets, the amount in these lines should be considered to be zero.

Line 3

Enter total biofuel producer credits from:

- Schedule K-1 (Form 1065), Partner's Share of Income, Deductions, Credits, etc., box 15 (code I);
- Schedule K-1 (Form 1120S), Shareholder's Share of Income, Deductions, Credits, etc., box 13 (code I);

- Schedule K-1 (Form 1041), Beneficiary's Share of Income, Deductions, Credits, etc., box 13 (code H); and
- Form 1099-PATR, Taxable Distributions Received From Cooperatives, box 10, or other notice of credit allocation.

Partnerships, S corporations, cooperatives, estates, and trusts must always report the above credits on line 3. All other taxpayers:

- Report the above credits directly on Form 3800, Part III, line 4c; and
- Don't file Form 6478.

Line 5

Cooperatives. A cooperative described in section 1381(a) can elect to allocate any part of the biofuel producer credit to patrons of the cooperative. The credit is allocated pro rata among the patrons eligible to share in patronage dividends on the basis of the quantity or value of business done with or for the patrons for the tax year.

If the cooperative is subject to the passive activity rules, include on line 3 any Form 6478 credits from passive activities disallowed for prior years and carried forward to this year. Complete Form 8810, Corporate Passive Activity Loss and Credit Limitations, to determine the allowed producer credits that can be allocated to patrons. For details, see the Instructions for Form 8810.

The cooperative is deemed to have made the election by completing line 5. However, the election isn't effective unless:

- It's made on a timely filed tax return (including extensions), and
- The cooperative designates the apportionment in a written notice or on Form 1099-PATR mailed to its patrons during the payment period described in section 1382(d).

If the cooperative timely filed its return without making an election, it can still make the election by filing an amended return within 6 months of the due date of the return (excluding extensions). Write "Filed pursuant to section 301.9100-2" on the amended return.

Once made, the election can't be revoked.

Estates and trusts. Allocate the biofuel producer credit on line 4 between the estate or trust and the beneficiaries in the same proportion as income was allocated and enter the beneficiaries' share on line 5.

If the estate or trust is subject to the passive activity rules, include on line 3 any Form 6478 credits from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. See the Instructions for Form 8582-CR.
