there is no reason to have this out of control spending. these grants should be shut down. the fact is when taxpayers all over this nation send tax dollars to this agency, they have millions taken out for the employees who work in this agency. they want to continue to make decisions for us all on what we should have in our localities and what monies should be spent on what museums. i think that I940 system needs to be shut down. i think we need to completely downsize these grant operation and shut them down. i think we need to lower taxes which are through the roof for most american working people, who have not had real raises for about 15 years now. meanwhile the costs of keeping those high paid washington workers in salary, huge benefits, many days off goes up up up. we need to cut and downsize the I940 things that we used to do. this is an example. this needs cutting to zero. this comment is for the public record please receipt. jean public jean [public1@yahoo.com](mailto:public1@yahoo.com)
