public comment on federal register

this junior duck stamp is a fake on the kids. they dont tell the kids it is to support duck killing. they leave off the real words that describe what they do. its a horrible fake on most kids who like wildlife and animals and they are trucked into duck killing.

in addition, the paltry sum that this bring is so little that it costs much more in billions to do this trickery than they get in in donations. the real money coming to wildlife these days comes from the general public and the way the dep of interior, nrcs, and other agencies are tricked into giving GENERAL TAX DOLLARS TO THIS KILLING FRATERNITY OF DUCK HUNTERS AND WILDLIE PSYCHO KILLERS.

THIS AGENCY DEALS IN WILDLIFE DEATH AND IT DOESNT PROPERLY IDENTIFY ITSELF. IT HAS A SNEAKY NAME THAT DOES NOT DESCRIBED WHAT THEY ARE REALLY ALL ABOUT. GROWING THEM TO KILL THEM IS WHAT THEY DO. AND THEY SNEAK AROUND THAT FACT.

THE CHEAPNESS OF THE DONATIONS IS ABOMINABLE. THEY PULL IN NOTHING IN MONIES. THE REAL MONEY IN WILDLIFE PROTECTION COMES FROM THE GENERAL TAX PAYERS OF THIS COUNTRY. YOU ALL KNOW WILDLIFE WATCHERS ARE THE BIG SPENDERS IN WILDLIFE. THEY PULL IN FAMILIES. HUNTING IS PASSED AND FROM 1860. THE NUMBERS OF HUNTERS/KILLERS OF WILDLIFE ARE GOING DOWN EVERY YEARS. MILLIONS WRITE IN TO TRY TO PROTECT WILDLIFE AND THIS OLD AGENCY FROM 1860 CONTINUES TO TRY TO BLOCK THEIR VOICES EVERY CHANCE IT GETS.

ALOT OF PERVERSION IS GOING ON IN THIS EVIL GOVT AGENCY THAT REPRESENTS ABOUT 3% OF THE AMERICAN POPULATION. HUNTING GOES DOWN EVERY SINGLE YEAR DESPITE MILLIONS BEING SPENT TO TRY TO GET MORE PEOPLE INTO THIS EVIL VIOLENT WILDLIFE KILLING FRENZY OF HUNTING.

CLOSE DOWN THE ENTIRE DUCK KILLING ENTERPRISE. ITS UGLY GOVT. WHEN DONALD TRUMP CALLED FOR REGS BEING SHUT DOWN, HE WAS TALKING ABOUT THIS MONEYLOSER. PROTECT WILDLIFE AND STOP THE WILDLIFE KILLERS. AND MAKE SURE ORGANIZATIONS START TO HAVE NAMES THAT CLEARLY POINT OUT WHAT THEY REALLY DO. NOT TRY TO SNEAK BY AS IF THEY ARE WILDLIFE PROTECTORS WHEN THEY ARE WILDLIFE KILLERS. THIS COMMENT IS FOR THE PUBLIC RECORD. PLEASE REEPT. JEAN PUBLICC JEAN PUBLIC1@GMAIL.COM

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service, we) are proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before April 2, 2018.

ADDRESSES: Send your comments on the information collection request (ICR) by mail to the Service Information Collection Clearance Officer,

U.S. Fish and Wildlife Service, MS: BPHC, [5275 Leesburg Pike, Falls Church, VA 22041](#)-3803 (mail); or by email to Info_Coll@fws.gov. Please reference OMB Control Number 1018-Duck Stamp in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358-2503.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the Service; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Service enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Service minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract

History of the Federal Duck Stamp

On March 16, 1934, Congress passed, and President Franklin D. Roosevelt signed, the Migratory Bird Hunting Stamp Act (16 U.S.C. 718-718k). Popularly known as the Duck Stamp Act, it required all waterfowl hunters 16 years or older to buy a stamp annually. The revenue generated was originally earmarked for the Department of Agriculture, but 5 years later was transferred to the Department of the Interior and the Service.

In the years since its enactment, the Federal Duck Stamp Program has become one of the most popular and successful conservation programs ever initiated. Today, some 1.5 million stamps are sold each year, and as of 2017, Federal Duck Stamps have generated more than \$1 billion for the preservation of more than 6 million acres of waterfowl habitat in the United States. Numerous other birds, mammals, fish, reptiles, and amphibians have similarly prospered because of habitat protection made possible by the program. An estimated one-third of the Nation's endangered and threatened species find food or shelter in refuges preserved by Duck Stamp funds. Moreover, the protected wetlands help dissipate storms, purify water supplies, store flood water, and nourish fish hatchlings important for sport and commercial fishermen.

History of the Duck Stamp Contest

Jay N. "Ding" Darling, a nationally known political cartoonist for the Des Moines Register and a noted hunter and wildlife conservationist, designed the first Federal Duck Stamp at President Roosevelt's request. In subsequent years, noted wildlife artists submitted designs. The first Federal Duck Stamp Contest was opened in 1949 to any U.S. artist who wished to enter, and 65 artists submitted a total of 88 design entries. Since then, the contest has been known as the Federal Migratory Bird Hunting and Conservation Stamp Art (Duck Stamp) Contest and has attracted large numbers of entrants.

The Duck Stamp Contest (50 CFR part 91) remains the only art competition of its kind sponsored by the U.S. Government. The Secretary of the Interior appoints a panel of noted art, waterfowl, and philatelic authorities to select each year's winning design. Winners receive no compensation for the work, except a pane of their stamps, but winners may sell prints of their designs, which are sought by hunters, conservationists, and art collectors.

The Service selects five or fewer species of waterfowl each year; each entry must employ one of the Service-designated species as the dominant feature (defined as being in the foreground and clearly the

focus of attention). Designs may also include hunting dogs, hunting scenes, waterfowl decoys, national wildlife refuges as the background of habitat scenes, non-eligible species, or other scenes that depict uses of the stamp for sporting, conservation, and collecting purposes. Entries may be in any media EXCEPT photography or computer-generated art. Designs must be the contestants' original hand-drawn creation and may not be copied or duplicated from previously published art, including photographs, or from images in any format published on the internet.

History of the Junior Duck Stamp Contest

The Federal Junior Duck Stamp Conservation and Design Program (Junior Duck Stamp Program) began in 1989 as an extension of the Migratory Bird Conservation and Hunting Stamp. The national Junior Duck Stamp art contest started in 1993, and the first stamp design was selected from entries from eight participating states. The program was recognized by Congress with the 1994 enactment of the Junior Duck Stamp Conservation and Design Program Act (16 U.S.C. 719). All 50 states, Washington, DC, and 2 of the U.S. Territories currently participate in the annual contest.

The Junior Duck Stamp Program introduces wetland and waterfowl conservation to students in kindergarten through high school. It crosses cultural, ethnic, social, and geographic boundaries to teach greater awareness and guide students in exploring our nation's natural resources. It is the Service's premier conservation education initiative.

The Junior Duck Stamp Program includes a dynamic art- and science-based curriculum. This non-traditional pairing of subjects brings new interest to both the sciences and the arts. The program teaches students across the nation conservation through the arts, using scientific and wildlife observation principles to encourage visual communication about what they learn. Four curriculum guides, with activities and resources, were developed for use

[[Page 4673]]

as a year-round study plan to assist students in exploring science in real-life situations.

Modeled after the Federal Duck Stamp Contest, the annual Junior Duck Stamp Art and Conservation Message Contest (Junior Duck Stamp Contest) was developed as a visual assessment of a student's learning and progression. The Junior Duck Stamp Contest encourages partnerships among Federal and State government agencies, nongovernment organizations, businesses, and volunteers to help recognize and honor thousands of teachers and students throughout the United States for their participation in conservation-related activities. Since 2000, the contest has received more than 478,000 entries.

The winning artwork from the national art contest serves as the design for the Junior Duck Stamp, which the Service produces annually. This \$5 stamp has become a much sought after collector's item. One hundred percent of the revenue from the sale of Junior Duck stamps goes to support recognition and environmental education activities for students who participate in the program. More than \$1.25 million in Junior Duck Stamp proceeds have been used to provide recognition, incentives, and scholarships to participating students, teachers, and schools. The Program continues to educate youth about land stewardship and the importance of connecting to their natural worlds. Several students who have participated in the Junior Duck Stamp Program have gone on to become full-time wildlife artists and conservation professionals; many attribute their interest and success to their early exposure to the Junior Duck Stamp Program.

Who Can Enter the Federal Duck Stamp and Junior Duck Stamp Contests

The Duck Stamp Contest is open to all U.S. citizens, nationals, and resident aliens who are at least 18 years of age by June 1. Individuals enrolled in kindergarten through grade 12 may participate in the Junior Duck Stamp Contest. All eligible students are encouraged to participate in the Junior Duck Stamp Conservation and Design Program annual art and conservation message contest as part of the program curriculum through public, private, and homeschooled, as well as through nonformal educational experiences such as those found in scouting, art studios, and nature centers.

Entry Requirements

Each entry in the Duck Stamp Contest requires a completed entry form and an entry fee. Information required on the entry form includes:

• "Display, Participation & Reproduction Rights Agreement" certification form; Basic contact information (name, address, phone numbers, and email address); Date of birth (to verify eligibility); Species portrayed and medium used; and Name of hometown newspaper (for press coverage). Each entry in the Junior Duck Stamp Contest requires a completed entry form that requests: Basic contact information (name, address, phone numbers, and email

address); Age (to verify eligibility); Parent's name and contact information; Whether the student has a Social Security or VISA immigration number (to verify eligibility to receive prizes); Whether the student is a foreign exchange student; Grade of student (so they may be judged with their peers); The title, species, medium used, and conservation message associated with the drawing; Basic contact information for their teacher and school (name, address, phone numbers, and email address); and Certification of authenticity. Students in Grades 7-12 and all national level students are also required to include citations for any resources they used to develop their designs. We use this information to verify that the student has not plagiarized or copied someone else's work. The Service also translates entry forms into other appropriate languages to increase the understanding of the rules and what the parents and students are signing. Title of Collection: Federal Migratory Bird Hunting and Conservation Stamp (Duck Stamp) and Junior Duck Stamp Contests. OMB Control Number: 1018--NEW. Form Number: None. Type of Review: Existing collection in use without an OMB Control Number. Respondents/Affected Public: Individuals. Respondent's Obligation: Voluntary. Frequency of Collection: Annually. -----
