To: Plimpton, Suzanne H. <splimpto@nsf.gov>;

Ms. Plimpton,

I have a question/concern regarding the draft biosketch guidelines included in the PAPPG for 2019. Would ***“Multiple entries under a single example are not permitted”*** mean that something like the bullet below (totally made up but I have done similar things in biosketches before) would not be permissible?

- Education/outreach on climate change: GALS Fall Meeting (date), New Hanover Chamber of Commerce (date), NC Museum of Life and Science (date)
