INSTRUCTIONS: INDIVIDUAL CRISIS COUNSELING SERVICES ENCOUNTER LOG

When to Use This Form:

Complete this form immediately **after** the individual crisis counseling service is provided.

1. Complete this form for each individual who receives individual crisis counseling services.
2. An individual crisis counseling encounter is defined as a contact where the discussion goes beyond education and assists persons to understand their current situation and reactions, review options, or address their emotional support or referral needs.
3. This form is also to be used for **families**. Complete a single form for each member of the family that participates in/receives crisis counseling. For example, a husband and wife along with their two children attend an individual crisis counseling session. The husband and wife actively participate with the crisis counselor, but the children sit quietly. You must complete one form for the husband and a separate form for the wife.
