Comment:

it is well past time that all the citizens being taxed for this old problem asks for this research to be shut down. it has gone on for eternity. it started in 1940. this is 2018. 68 years of research. we certainly should have the answer now without taxing the american people for billions to continue this research. let those who want to kill themselves with cigarettes die in peace. and stop taxing us for the pleasure of keeping them alive when they definitely have a death wish. its just well past time that any govt stop spending on this reserach. 68 years we have been bamboozled for this reserach. trillions of dollars of american tax dollars have been used in this stupidity. we now cigarettees kill. we know that very much. i believe it is time to stop beating the dead horse. the horse has been dead since 1980 and yet these people at the cdc just love the money coming in at high salaries for this completely unnecessary reserach into nothing at all. we know nicotine is bad for you. we know that is what these products have. i say stop this reserach . WE SHOULD NOT BE TAXED INTO ETERNITY FOR THIS STUPIDITY BECAUSE SOME PEOPLE FEEL THE NEED TO PUT SOMETHING IN THEIR MOUTH. IT HAS GONE PAST THE POINT OF ABSURDITY. CUT THE BUDGET TO ZERO. SHUT DOWN ALL THIS FAT HIGH PRICED BUREAUCRACY. THE CDC CANT BE TRUSTED ANYWAY AT ALL THE KIDS WITH AUTISM AFTER BEING VACCINATED. ITS A SNEAKY ORGANIZATION THAT FAVORS BIG PHARMA BIG MEDICINE CERTAINLY NOT THE AMERICAN PEOPLE AT ALL. *
