Universe: ALL

Universe Description:

Question Text: As we start, please understand that we ask the same topics of everybody we talk to. I realize some of these questions may not apply to your household.

Most questions that I will be asking refer to a specific time period.

During this interview, the time period, unless I state otherwise is for the past three months, that is, from the 1st day of ^REF_MONTH to today.

Most of my questions are about expenses your household had or bills you've received. You will find it helpful to have your checkbook register, credit card statements and other records as you answer the questions.

Fills: REF_MONTH

Instructions: Set REF_MONTH = 3 months before the interview. Calculated by taking the INTPER from record type 10 to come up with the base month to start from.

Special Instructions: 1. IF OWNED = 1 OR (OTHERHOM = 1 and NOPROP = 1-20) OR (SECHOME = 1 and SEC_NUM = 1-20) OR (NOBUILD = 1 and BUILDNUM = 1-20) OR (NOLONGER = 1 and NUMPRPTY = 1-20) then:

A. Create a property array containing the following variables:

OWNSTAT: Owned property
PROP_NOB: Owned property number
PROPTYPE: Owned property type

B. Assign a property number (PROP_NOB) in consecutive order starting with 1.

Sections B-I will be asked of these properties:

1. If OWNED = 1 then:
add one record to the array.
Set OWNSTAT = 1, store "Sample Unit" in PROPDESC for this record.
2. If OTHERHOM = 1 and NOPROP = 1-20 then:
add to the array the # of records indicated in NOPROP.
Set OWNSTAT = 1 for each record..
3. If SECHOME = 1 and SEC_NUM = 1-20 then:
add to the array the # of records indicated in SECNUM.
Set OWNSTAT = 1 for each record.
4. If RESBUSPR = 1 and RES_NUM = 1-20 then:
add to the array the # of records indicated in RES_NUM.
Set OWNSTAT = 1 for each record.
5. If NOBUILD = 1 and BUILDNUM = 1-20 then:
add to the array the # of records indicated in BUILDNUM.
Set OWNSTAT = 1 for each record.
6. If NOLONGER = 1 AND NUMPRPTY = 1-20 then:
add to the array the # of records indicated in NUMPRPTY.
Store 2 in OWNSTAT for each record created below:

If 1 selected in P_TYPE then add to the array the # of records indicated in HWMANY1.

If 2 selected in P_TYPE then add to the array the #
of records indicated in HWMANY2
If 4 selected in P_TYPE then add to the array the #
of records indicated in HWMANY4
If 5 selected in P_TYPE then add to the array the #
of records indicated in HWMANY5

Block

BSECT11.TBLINV

Description:

Tab Name:
Fly Over Name:
Universe Type: If

Inherited Universe: (BFront.START <> 3-5) AND BCeintro.CE_INTRO = 1

Universe: (S11_INTRO = 1 AND there is at least one vehicle on the inventory chart with 8500.OVB_STAT <> 3)

Universe Description:

Array:

Block Instructions:

1. Max grid lines: 99
2. Section Label:
Section 11 - Owned Vehicles - Inventory Chart
3. Build an inventory grid according to the Inventory Chart form pane.
4. The first four columns should be pre-filled with data from the input file.

8500.VEHICIB (vehicle number)

8500.VEHICYR (vehicle year)

8500.MKMDL_SC (vehicle make/model)

If 8500.MKMDL_SC is XXXXX, fill that item on the inventory chart with 8500.OTHMDLY.

If 8500.MKMDL_SC is blank, fill description according to ITEM, as follows.

ITEM = 2, fill "Motor home"

ITEM = 3, fill "Trailer-type camper"

ITEM = 4, fill "Other attachable camper"

ITEM = 5, fill "Motorcycle/motor scooter"

ITEM = 6, fill "Boat, with a motor"

ITEM = 7, fill "Boat, without a motor"

ITEM = 8, fill "Non-camper type trailer"

ITEM = 9, fill "Private aircraft"

ITEM = 10, fill "Other vehicle"

8500.VEHBSNS (business use)

If 1, display "yes"

If 2, display "no"

5. Gray out the first four columns.
They should be "show only."
Place the cursor on the fifth column (OVAHAVE).
This is the first question to be asked.
6. Display but gray out (instead of blue text) previously disposed of vehicles (S11.inv.ovb_stat = 3).

Inherited Universe: All

Universe: TELPV = RESPONSE OR HOW_INTV = RESPONSE

Universe Description: Ask for interviews and non-interviews

Question Text: ♦ FOR BLS RESEARCH ONLY

We would like to understand how the time required to collect an interview varies by case.
Please consider the total time you spent on this case, and estimate how many of those minutes were spent on travel, the interview itself, and all other pre- and post-interview activities.
Your responses will be used for sample planning and research only, and will not be used for evaluation.

What was the TOTAL time (in minutes) you spent on this case for:
Traveling to and from the sample unit?
Exclude travel from another sample unit

Description: What is this survey all about?

Form Pane Label: FAQ 1

SAS Name:

Tag Name: H_PURPOSE1

Inherited Universe: Shift-F2 is pressed

Universe: H_PURPOSE = 1

Universe Description:

Question Text: ♦ WHAT IS THIS SURVEY ALL ABOUT?

The Consumer Expenditure Survey collects information from the Nation's households and families on their buying habits (expenditures), income, and characteristics. The strength of the survey is that it allows data users to relate the expenditure and income of consumers to the characteristics of those consumers.

SAS Name:

Tag Name: H_PURPOSE2

Inherited Universe: Shift-F2 is pressed

Universe: H_PURPOSE = 2

Universe Description:

Question Text: ◆ WHO USES THIS INFORMATION? WHAT GOOD IS IT?

Data from the Consumer Expenditure Survey are used in a number of different ways by a variety of users. An important use of the survey by the Bureau of Labor Statistics is for the periodic revisions of the Consumer Price Index (CPI). Survey results are used to select new market basket of goods and services for the CPI, to determine the relative importance of CPI components and to derive new cost weights for the market basket. Government and private agencies use the data to study the welfare of particular segments of the population. Economic policymakers use the data to study the impact of policy changes in the welfare of different socioeconomic groups. Researchers use the data in a variety of studies, including those that focus on the spending behavior of different family types and historical spending trends.

Universe Description:

Question Text: ♦ HOW IS THE DATA COLLECTED?
 HOW MANY TIMES WILL I BE INTERVIEWED?

^H_PURPOSE3

Fills: H_PURPOSE3

Instructions:

If DESIGN=10, fill:

Data collection is carried out by the Bureau of the Census. In the Interview Survey, each consumer unit is interviewed every 3 months over 4 calendar quarters. In the initial interview, information is collected on demographic and family characteristics. Expenditure information is then collected over four quarterly interviews using uniform questionnaires. In the fourth interview, a supplement is used to account for changes in assets and liabilities.

Universe Description:

Question Text: ◆ I HESITATE TO TELL SOME THINGS ABOUT MYSELF.
WHAT PROTECTION DO I HAVE?

The information that respondents provide is used solely for statistical purposes.

All Census Bureau data collectors take an oath of confidentiality and are subject to fines and imprisonment for improperly disclosing information provided by respondents. Names and addresses are removed from all forms and that information is not released as part of any statistical data.

Field

Description: Is this survey authorized by law?

Form Pane Label: FAQ 5

SAS Name:

Tag Name: H_PURPOSE5

Inherited Universe: Shift-F2 is pressed

Universe: H_PURPOSE = 5

Universe Description:

Question Text: ◆ IS THIS SURVEY AUTHORIZED BY LAW?

The Bureau of Labor Statistics conducts the Consumer Expenditure Survey under the authority of Title 29 of the U.S. Code. Congress authorizes the financial support for the CE survey through Public Laws 94-439 and 95-205. The Bureau of the Census collects the CE data under the authority of Title 13, U.S. Code, Section 8b, which allows the Census Bureau to undertake surveys for other government agencies. Participation in the survey is voluntary. Under Title 13, the Census Bureau holds all information in strict confidence. We will not release information reported in the survey which would permit the identification of a household or any of its members to anyone outside of the Census Bureau.
