all lead shot should be banned immediately. the effects of lead shot decomposing on air water soil are disastrous and expensive to clean up and they ave haing to be cleaned up these days. you all used to pollute and let the lead lie there forever but now people are smarter and demand that lead ius cleaned up. you are in fact killing many birds and other animals with using lead shot, so it is clear that there are man reasons that all shot shoudl be changed from lead shot. we need non toxicshot and we need it now. use of lead shot shoudl be banned totally. you are in fact polluting the environment and killing wildlife by the score with lead shot. thiss comment is for hte public record, please receipt.. jean pbuliee jean [public1@yahoo.com](mailto:public1@yahoo.com)

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-HQ-MB-2019-N022; FF09M21200-189-FXMB1231099BPP0L2; OMB Control Number 1018-0067]

Agency Information Collection Activities; Approval Procedures for

## Nontoxic Shot and Shot Coatings

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

-----  
SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before July 29, 2019.

ADDRESSES: Send your comments on the information collection request by mail to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: BPHC, 5275 Leesburg Pike, Falls Church, VA 22041-3803 (mail); or by email to [Info\\_Coll@fws.gov](mailto:Info_Coll@fws.gov). Please reference OMB Control Number 1018-0067 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at [Info\\_Coll@fws.gov](mailto:Info_Coll@fws.gov), or by telephone at (703) 358-2503.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed information collection request (ICR) that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the Service; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Service enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Service minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment--including your personal identifying information--may be made publicly available at any time. While you can ask us in your comment to withhold your

personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Migratory Bird Treaty Act (MBTA) (16 U.S.C. 703 et seq.) prohibits the unauthorized take of migratory birds and authorizes the Secretary of the Interior to regulate take of migratory birds in the United States. Under this authority, we control the hunting of migratory game birds through regulations in 50 CFR part 20. On January 1, 1991, we banned lead shot for hunting waterfowl and coots in the United States.

Regulations at 50 CFR 20.134 outline the application and approval process for new types of nontoxic shot. When considering approval of a candidate material as nontoxic, we must ensure that it is not hazardous in the environment and that secondary exposure (ingestion of spent shot or its components) is not a hazard to migratory birds. To make that decision, we require each applicant to provide information about the solubility and toxicity of the candidate material. Additionally, for law enforcement purposes, a noninvasive field detection device must be available to distinguish candidate shot from lead shot. This information constitutes the bulk of an application for approval of nontoxic shot. The Director uses the data in the application to decide whether to approve a material as nontoxic.

Title of Collection: Approval Procedures for Nontoxic Shot and Shot Coatings (50 CFR 20.134).

OMB Control Number: 1018-0067.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Businesses that produce and/or market approved nontoxic shot types or nontoxic shot coatings.

Total Estimated Number of Annual Respondents: 1.

Total Estimated Number of Annual Responses: 1.

Estimated Completion Time per Response: 3,200 hours.

Total Estimated Number of Annual Burden Hours: 3,200 hours.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: \$26,630 (\$1,630 application processing fee and \$25,000 for solubility testing).

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).

Dated: May 24, 2019.

Madonna Baucum,  
Information Collection Clearance Officer, U.S. Fish and Wildlife Service.
