## General Comment

Regarding to the Medicare Part C Reporting Requirements for CY 2020 we have the following questions:

1. Will the reporting of telehealth services be a new reporting section or will it be included as an element of an existing report (i.e. ODR)?
2. Will the data be corresponding to year 2020 and the report will be submitted in 2021?
3. If it is decided to include this new report as part of the reporting requirements, please provide a very clear definition of all the elements requested.
