Subject: Fwd: Comments for changes to UIFSA forms - OCSE DCL 19-04

Good afternoon,

I am forwarding an email that includes Colorado's comments to the proposed intergovernmental forms and summary of proposed changes included in DCL-19-04.

If you have any questions, please contact Daphne Risch who is copied on this email.

Thanks

Larry Desbien

To: Desbien - CDHS, Larry <larry.desbien@state.co.us>

Hi Larry,

Below are our comments to the proposed changes to the UIFSA forms as part of DCL 19-04. Comments are due by August 19, 2019. The reference number is : OMB control number 0970-0085

1. Overall, Colorado is in support of the proposed changes as they add clarity to the forms.
2. General Testimony - although there are no proposed changes to this form, we would suggest the DOB of each child and the place of birth be added. This would put all needed information in one place and caseworkers would not have to search multiple documents for it.
3. Letter of Transmittal Requesting Registration - Suggestion to put language regarding the petition being signed and dated (both on the form and in the instructions) in bold. We often receive these documents unsigned so highlighting this requirement may help.
4. Personal Information Form - Suggestion to move the box for NDI over to the middle or other side of the page. We often receive these documents with staples over that box so we don't know if the box is checked or not unless we remove the staples.
5. Personal Information Form - Suggestion to add child's place of birth (city/state).
6. Although not a specific change to a form, suggestion to make the Child Support Agency Confidential Information Form a required form when sending a Transmittal #3. Since we often receive these on cases where we have never had a IVD case (especially for requests of copies of court orders/payment records), there is no identifying information on the Transmittal #3 (other than names). This makes it very difficult and time

consuming to determine if we have the request information.

7. Suggestion to give each form a unique number or abbreviation. States have developed their own numbers/lingo for referring to the forms and use those when communicating with other states; however, since these aren't standard, the other state doesn't always know what form they are referring to which creates delays in processing cases.

Please let me know if you need any further information or have any questions.

Daphne
