To Whom It May Concern,

I have reviewed the proposed DRAFTED new FMLA Forms.

Most of the changes are welcome, making the forms more user-friendly.

However, as a Human Resources Professional who uses these forms often, there are still some glaring omissions. Forms **WH-381 and WH-382** are filled out by the Employer. At the end of these forms should be the following:

Name of Employer Representative Completing this Form

Signature _____

Date _____

Thank you.

Mitch
