I tried to submit a comment but couldn't get into the site. My comment was going to be this opportunity applies only to 1994s with bachelor degrees in Ag, Science, Natural Resources, and related fields. That limits the eligibility to students from 8 of the 37 TCUs in the country. If they opened it up to associates degrees it would include almost all of them.

Don't know if this is a relevant comment, or not....
