Subject: Draft FMLA Forms
Date: Tuesday, August 27, 2019 9:01:03 AM

I was able to look over the potential changes to the FMLA forms and would like to say that I am very pleased with them. As the FMLA administrator for my company, the current leave forms can be very confusing for our employees; I have had to make a letter to go along with the forms just to explain what the form is requesting and/or stating. We also have issues with the physicians not completing all the information necessary for us to approve the employee's leave; they can be very vague, leave information out all-together, or you can't read their writing. It can be very frustrating and time-consuming trying to figure it out or to have the forms completed in their entirety. I think having the check boxes will help with this a great deal. I hope the forms will be updated soon!

Regards,
