Re: FR 44286  
Alaska Notification of Intent to Process Aleutian Islands Pacific Cod

Dear Ms. Thomas

We support the Agency request for an extension of the currently approved information collection program referenced above.

As noted in the FR Notice, NMFS is requesting renewal of this collection of information in the event of a successful court appeal of Amendment 113 to the BSAI Groundfish Plan. In this spirit, we also request that NMFS take appropriate action to retain all Amendment 113 regulations pending that appeal.

In response to the FR Notice, our comments are as follows:

- (a) The information is necessary for the proper Agency administration of Amendment 113, and therefore has practical utility;
- (b) The Agency's estimate of the burden of this collection of information is accurate;
- (c) We do not have any suggestions concerning enhancements to the quality, utility and clarity of the information;
- (d) We do not have any suggestions concerning ways to minimize the burden of the collection of information on respondents.

Thank you for the opportunity to comment on this important Program.

Jason Ogilvie, President  
Golden Harvest Alaska Seafood  
Adak, Alaska
