Hello,

I hope you are well. I just read the revised draft of Form WH-380-E and I like that on page (3) of (6) it provides for a more clear response from the provider to the employer regarding **overnight stays** and any **incapacitation for a continuous period of time** in a hospital, hospice or residential medical care facility. It is more clear than the current form. Thank you.

Sincerely,
