USCG-2018-0498-0001

This information collection request must not have a negative impact or negative financial impact on small business, service providers or individuals using items of designated associated equipment. These entities must be compensated at fair market value for the service provided. Fair Market value of \$20,000 per month is fair and just compensation for those providing Clinical Data for research, Health care, and education related to The Atomic energy Act of 1954. Items of associated equipment in some circumstances also place holders and operators in imminent danger.
