Generic Clearance for Collection of State Administrative Records Data Having been told that they cannot legally add a citizenship question to the census the Trump administration now seeks to work around the rule of law and get that information by illegal data gathering. My family has lived in this country since it's inception, yet I feel personally harmed by such a proposal. I believe in the ideal of rule by the people for the people, all the people. Undocumented immigrants are still people of this country and deserve to be considered by law. The trump administration shot it's shot and was stymied by the due process of law. Now they want to bypass the democratic process and further empower the executive branch. Personally I agree with my revolutionary ancestors in opposition to such tyranny. *🌐
