General Comment

My children are grown how but when I was in need of this program I was not illegal able. Mainly because of child support I was was not getting on a regular basis.

I took on a second job to help for the short falls. This part time job was at a grocery store. I watch people come in and use there SNAP funds in a way that would say to myself what am I doing wrong.

I person would withdraw all of her cash that was available to her and purchase a Cashier Check to send to another country to support her family. I thought this cash on this program was for personal hygiene?

Another lady would pay for her groceries with WIC and Food stamps and then load her groceries in a new Cadillac

Again Im wondering what Im doing wrong? Sure she could have used someone elses vehicle. But it doesnt sit well with a Mother of three children.

I watched others pay for someones groceries in place of cash for their cigarettes, and who

knows what else like drugs or alcohol.

This system needs a major look at. There should be a way to track what it being brought with these funds and where.

Most kids suffering of hunger is because of their parents and they should not suffer but a better way of tracking these funds needs to be established!
