Ms. Mary Johnson:

Thank you for your comments in response to the recently published 60 day notice regarding Office of Management and Budget (OMB) collection 0584-0074, FNS 380, Worksheet for the Supplemental Nutrition Assistance Program's (SNAP) Quality Control (QC) Reviews.

You indicated that you believe that fewer pre-packaged and snack foods should be eligible for purchase with SNAP benefits and you would support limiting the types of foods that SNAP recipients can purchase with their SNAP benefits. You also expressed a concern about the impact that potential changes to SNAP program may have on families who are already having difficulty coping and administrative staff in the county offices overseeing the SNAP program.

While we appreciate your comments and the time you took to provide us with your feedback; your comments do not relate to the purpose of our information collection. OMB collection 0584-0074 is seeking comments on Form FNS-380, which is used to determine eligibility and benefits for households selected for review in the QC sample of active SNAP cases. Information collected on Form FNS-380 aids States' QC reviewers in analyzing case records, planning and conducting field investigations, and gathering, comparing, analyzing and evaluating data. Thank you again for your comments and observations.

Sincerely,

Stephanie Proska
