**General Comment**

As a Registered Dietician I have witnessed first hand the benefits of this program to people in need during various moments in life (eg medical expense, job loss..). In no way can someones assets determine an immediate need for sustenance. The amount of fraud that occurs from users of SNAP is estimated @ 3%, nothing compared to what is tolerated in other gvt prgms ( eg military and other gvt contracts, farm subsidies, corporate tax fraud, baking fraud...). The time is overdue to stop the demonization of poor people for America's financial woes.

Thank you for your time and consideration,  
David
