NO.  
No one should be allowed to have a "application for permission to reapply for admission into the United States after Deportation or Removal".

This only encourages people to believe U.S. immigration laws are just like a general rule they can break with no problem and then go pay the nearest immigration lawyer. Easy way to help enrich pro-immigration groups and immigration lawyers when they travel to foreign countries to educated foreign nationals on how to cross into the U.S.Anon
