Hi Jagruti,

Thank you for getting back to me. For our tracking purposes the revised burden estimate does not count as a revision.

Best,

Adin Mengel

Adin,

You are correct that the only change is the burden estimate. Please let me know if this does not count as a revision...

I left you a voicemail too.

Thanks,
Jagruti Patel

Hi Ms. Patel,

I noticed you are the agency contact for the ETA Information Collection entitled, "Federal-State Unemployment Insurance Program Data Exchange Standardization" (OMB control number 1205-0510) in today's Public Inspection desk. Like I mentioned in the voice mail I left, the item notes that it is a revision, but I could not see any substantive changes in the document. I was wondering if there is anything substantive being revised or if it is just a revision to the burden estimate. Please get back to me at your earliest convenience and have a happy new year.

Thanks,
