Hi Dr. Campbell,

In preparing to add our correspondence to the meeting record, I noticed that your email contained the following disclaimer at the bottom: "*Privileged and Confidential, Attorney Client Communication, Attorney Work Product, Draft Work Product.*" Do I have your permission to add our correspondence below to the meeting record?

Thanks,

Hello Luis and Mark,

That image is modified from one that I obtained from the 2015 Final Environmental Impact Statement. I referenced the source in the white explanation box just above the map's scale. A .jpg of the original image is attached here for your convenience. The reference to the FEIS is: Office of Surface Mining Reclamation and Enforcement (OSMRE), 2015, Four Corner Power Plant and Navajo Mine Energy Project, Final Environmental Impact Statement, May 2015

Regards,

Steve

Hi Luis

That slide was prepared by Dr. Steve Campbell. I'll forward your message to him and hopefully he can confirm the source.

Mark

Hi Mr. Hutson,

I'm Luis Cruz, from OIRA. I'm reaching out because there is a follow-up question regarding one of the slides from your EO 12866 meeting on Thursday (3/30) on the subject rule. Could you provide the source for the picture in Slide 8? Is it adapted from the 2015 DOI Record of Decision on the Four Corners Power Plant (FCPP) and Navajo Mine Energy Project or another source?

Please know that this electronic correspondence will be docketed and included in the meeting record.

Thanks,

-Luis
