Dear National Climate Advisor McCarthy and Administrator Regan:

I enthusiastically join the letter sent to you yesterday, October 26, 2021 (copy attached), from California Attorney General Rob Bonta, fourteen of our colleagues, and the Colorado Department of Public Health and the Environment, urging that you not delay rulemaking on this issue, and “act swiftly to put into place strong, comprehensive standards as stringent as California’s Omnibus Regulation and as protective of our most vulnerable citizens.”

Sincerely,

Ellen F. Rosenblum
Attorney General
