

Oil & Gas Air Pollution: Armstrong County

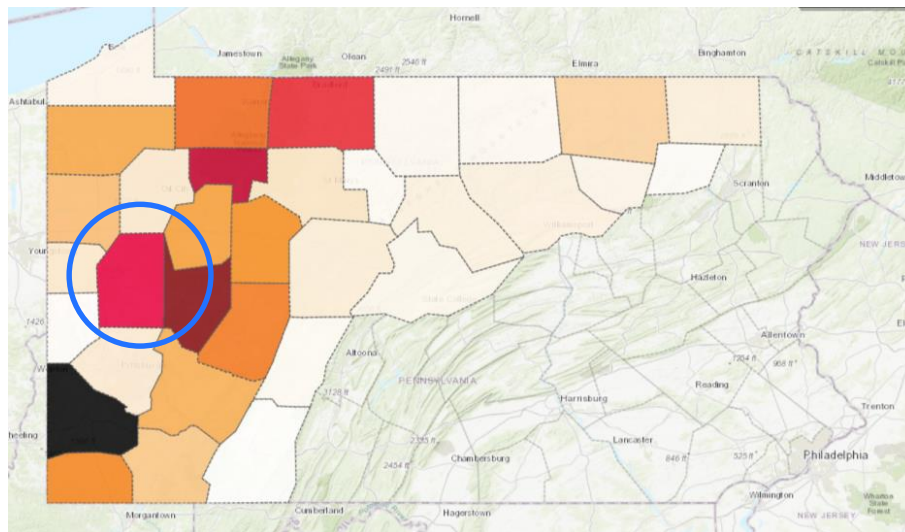

- Ranks **#2** in oil and gas pollution
- Estimated **~6,800 tons of Volatile Organic Compounds**
- Estimated **~46,400 tons of methane pollution**
- **63,400** people live within **1/2 mile** of an active oil or gas well
- **53 schools** and **1 medical facility** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Bradford County

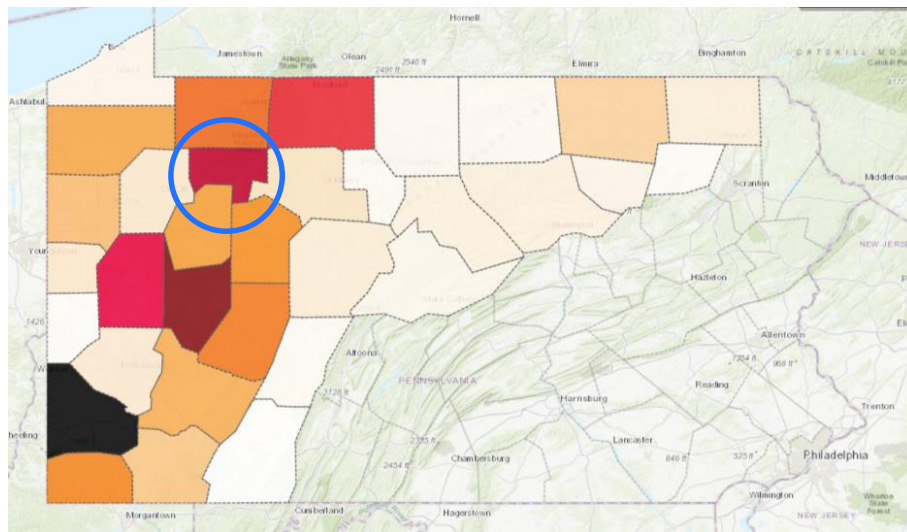

- Ranks **#3** in oil and gas methane pollution
- Estimated **~900 tons of Volatile Organic Compounds**
- Estimated **~45,900 tons of methane pollution**
- **12,500** people live within **1/2 mile** of an active oil or gas well
- **18 schools** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Butler County

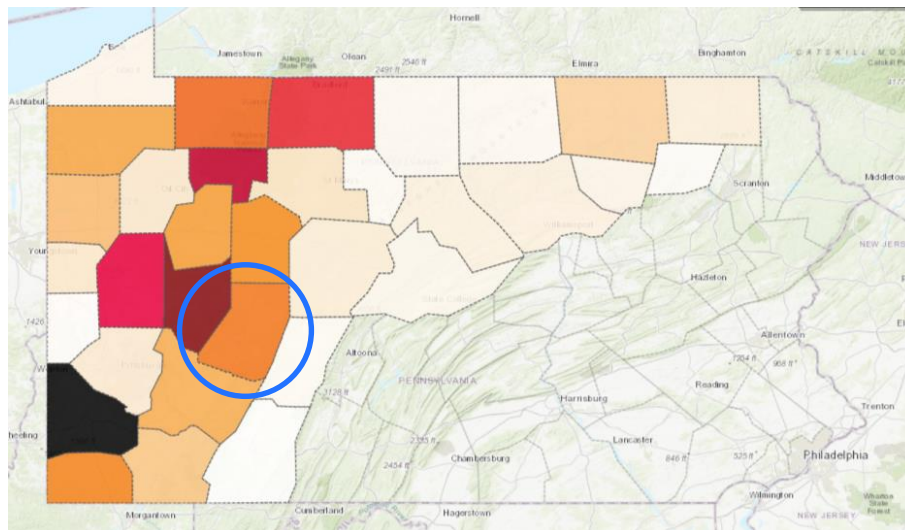

- Ranks **#4** in smog-forming oil and gas pollution
- Estimated **~4,600 tons of Volatile Organic Compounds**
- Estimated **~12,300 tons of methane pollution**
- **48,200** people live within **1/2 mile** of an active oil or gas well
- **32 schools** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Forest County

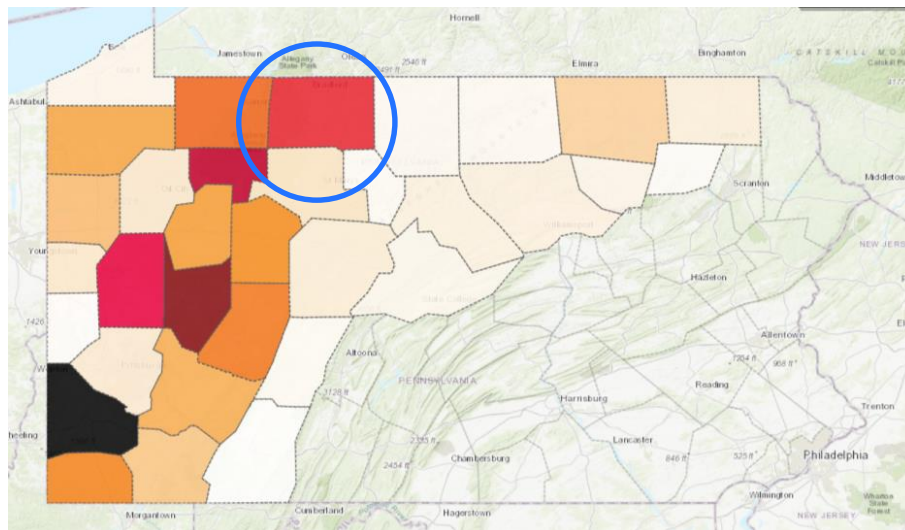

- Ranks **#3** in smog-forming oil and gas pollution from oil and gas
- Estimated **~5,500 tons of Volatile Organic Compounds**
- Estimated **~11,500 tons of methane pollution**
- **2,300** people live within **1/2 mile** of an active oil or gas well
- **5 schools** and **1 medical facility** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Indiana County

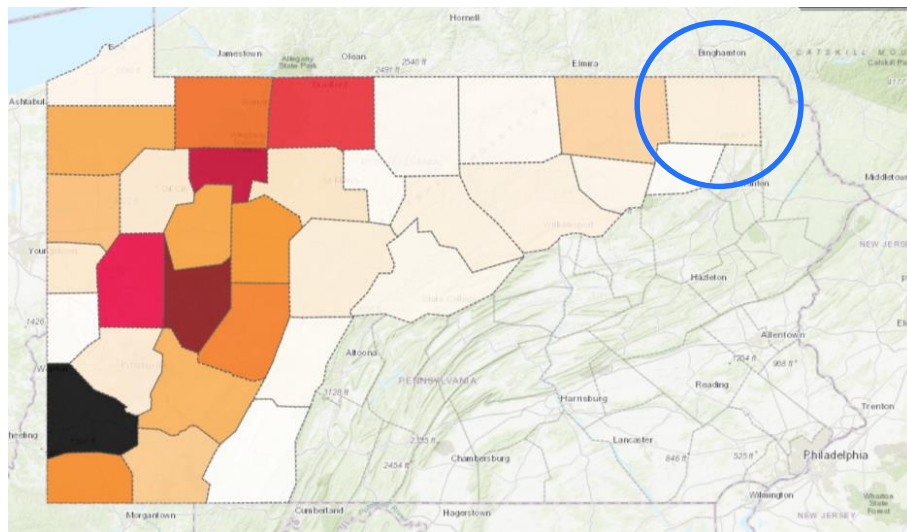

- Ranks **#1** in oil and gas methane pollution
- Estimated **~2,700 tons of Volatile Organic Compounds**
- Estimated **~48,300 tons of methane pollution**
- **83,100** people live within **1/2 mile** of an active oil or gas well
- **63 schools** and **1 medical facilities** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: McKean County

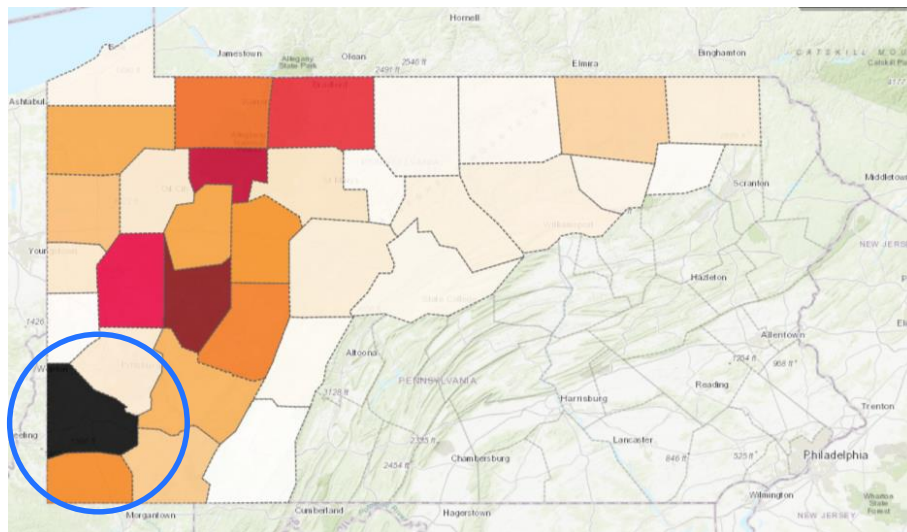

- Ranks **#5** in smog-forming oil and gas pollution
- Estimated **~4,100 tons of Volatile Organic Compounds**
- Estimated **~31,800 tons of methane pollution**
- **31,300** people live within **1/2 mile** of an active oil or gas well
- **41 schools** and **2 medical facilities** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Susquehanna County

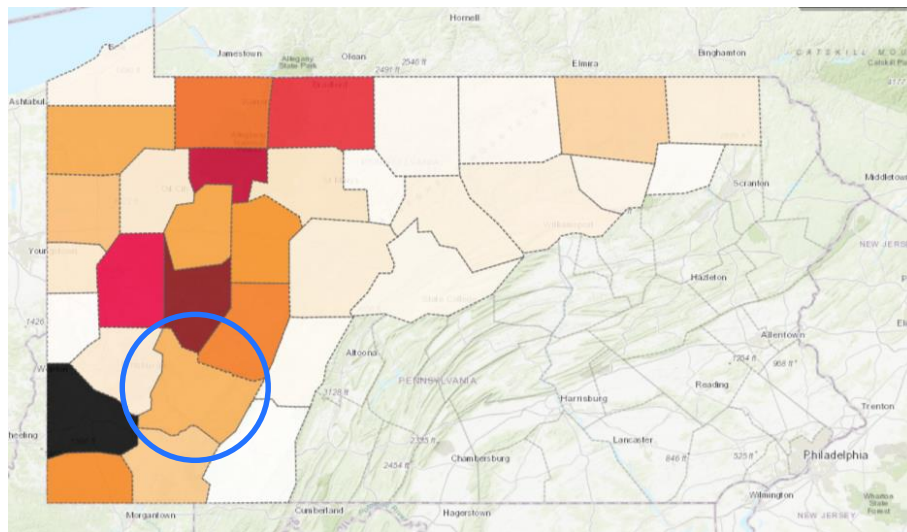

- Ranks **#4** in oil and gas methane pollution
- Estimated **~345 tons of Volatile Organic Compounds**
- Estimated **~37,000 tons of methane pollution**
- **10,100** people live within **1/2 mile** of an active oil or gas well
- **6 schools** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Washington County

- Ranks **#1** in smog-forming oil and gas pollution
- Estimated **~9,400 tons of Volatile Organic Compounds**
- Estimated **~30,100 tons of methane pollution**
- **109,500** people live within **1/2 mile** of an active oil or gas well
- **71 schools** and **3 medical facilities** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane

Oil & Gas Air Pollution: Westmoreland County

- Ranks **#5** in oil and gas methane pollution
- Estimated **~1,700 tons of Volatile Organic Compounds**
- Estimated **~33,300 tons of methane pollution**
- **211,600** people live within **1/2 mile** of an active oil or gas well
- **101 schools** and **6 medical facilities** located next to oil and gas sites
- More at edf.org/PennsylvaniaMethane
