### **Questions:**

1. Can you give us a sense of the timeline for the remainder of this process? How many more 12866 meetings do you have remaining, and when will you be done having them? When do you expect the notice of proposed rulemaking (“NPRM”) to be published in the Federal Register?
2. In what format can we expect to receive a response to our input given during this meeting?
3. Do OMB and/or DOJ have a plan to educate the public about the proposed changes to the Public Charge Grounds of Deportability? If so, what does the plan entail?
4. Can you give us clarity as to which public benefits are included in the proposed changes to the Public Charge Grounds of Deportability?
